These grant applications must include 2 letters of community support from individuals/organizations from the Thompson area. The application must also reflect who in Thompson will be responsible for the project and how the project will be maintained (if applicable).
- 10. As a community foundation we are legally obligated by CRA regulations to only grant to registered charities, registered Canadian amateur athletic associations or other qualified donees as classified by the CRA. Therefore, we are unable to grant to individuals or non-registered non profits. However, there are situations when a non-profit is working closely with a registered charity and can apply as part of an Intermediary agreement. When using an Intermediary, the Applicant (Registered Charity/Qualified Donee) must still direct and control the use of the resources associated with the activity (although it may generally delegate authority to the Intermediary (the non-profit) to make day-to-day operating decisions). For the purposes of this application form, an Intermediary is the organization that the Applicant works with to carry out the Applicant's own activities. An Applicant cannot merely be a conduit to funnel money to an Intermediary organization that is not a Qualified Donee.

*Note that the opportunity to apply with a charitable partner is not meant to allow groups to circumvent CRA rules, but rather to support genuine partnerships between charities and non-profits.

If your organisation is partnering with a charity/qualified donee for this grant, please contact Thompson Community Foundation for our acceptable Partnership Agreement (also provided on our website in both MS WORD & PDF formats). A letter of support is NOT an acceptable Partnership Agreement.
